**IDT LAUNCHES ASIA'S FIRST "OREGON SCIENTIFIC"
GLOBAL LIFESTYLE CONCEPT STORE IN HONG KONG**

* * *

SHOWCASES ITS "ART OF LIVING" TECHNOLOGY

(Hong Kong, 12 June, 2003) – Leading consumer electronic products manufacturer and distributor, **IDT International Limited** ("IDT International" or "IDT Group") (HKEx Stock Code: 167), today announced the opening of its first "Oregon Scientific" ("OS") lifestyle concept store in Hong Kong.

The natural lifestyle concept store is located at Shop 108, Prince's Building, 10 Chater Road, Central, Hong Kong. Ideally situated within one of Hong Kong's most popular and prestigious shopping arcades, the OS store will enjoy a heavy stream of shopping traffic.

Mr. Raymond Chan, Chairman and CEO of IDT International, said, "I am delighted to see the opening of our first Oregon Scientific lifestyle concept store in Hong Kong. The move demonstrates our confidence in the local retail industry and our commitment to developing the Oregon Scientific brand in the region. This strategic store will enhance the awareness of our internationally renowned and award winning consumer and personal electronic products among customers in Hong Kong. Looking forward we will continue to expand our distribution network both in Hong Kong, the PRC and Asia."

Covering a floor area of approximately 800 sq. ft., the concept store has a unique chill out "Oxygen Bar" that reverberates with the brand's lifestyle message. Customers can breathe 100% pure and unpolluted air and also enjoy unique health drinks. Products available at the store range from award winning weather stations, projection clocks, digital still cameras, DECT phones to children's electronic learning devices; all designed with a focus on innovation, user friendliness, affordability and practicality.

Mr. Chan concluded, “The unique store design demonstrates IDT International’s product philosophy - to create quality products with unique designs and functions that commanding high-end market positioning combined with strong customer appeal. With our strong research and development backup, we will continue to launch many more innovative new products in the near future.”
